Press Release

METALSISTEM S.p.A.
V.le dell'Industria, 2
38068 - Rovereto (TN)
Italy

03 February 2020

Watch out for METALSISTEM's 1000m² stand at the next 2020 HANNOVER Messe Exhibition

METALSISTEM, in collaboration with the Hannover Messe Exhibition – the world's leading industrial technology show – will be celebrating 50 years of product innovation with an amazing stand showcasing the METALSISTEM vast array of solutions for the material handling and retail sectors.

The participation in this bi-annual reference point event for industry, will allow METALSISTEM to present not only its warehousing and material handling solutions, but also SIDAC branded products for the retail world, through the display of Geoclass checkout counters series and Euroscacco shelving solutions. Over 20 METALSISTEM and SIDAC product lines will be showcased in a single venue. The stand will feature an architecturally designed mezzanine area, a multi functional space that will host a hospitality and a conference area.

Thanks to its fruitful and long lasting collaborations with Deutsche Messe, METALSISTEM will exhibit the full range of products, including retail solutions extending its reach to cover all facets of the supply chain, from storage of goods to Point of Sale.

For Hannover Messe 2020, METALSISTEM chooses to focus on the key features of its product lines and the values that above all ensure the customer's full satisfaction.

METALSISTEM's 50th anniversary will be a central theme of the show: a strong legacy of experience, constantly focused on continuous product innovation.

This success has been built with an appreciation for the environment. METALSISTEM's green mission, places sustainable choices on top of its priorities on a daily basis, starting from low environmental impact manufacturing, producing with self generated electricity derived from photovoltaic investments, supporting the fight against climate change.

Do not miss this event and take part first hand in this unique 2020 Hannover Messe appointment!
